Qualifications

- A safety professional since 1987, with experience in a variety of challenging construction and manufacturing environments.
- A highly trained, qualified specialist in construction safety and OSHA compliance.
- OSHA authorized Outreach Trainer for 10 and 30 hr Construction safety courses.
- Author Easy Safe Guide for Fabricated Frame Scaffolding ©2006. I was motivated to write this book after observing many job sites with dangerous scaffolding and identifying the need for a practical employee guide for scaffolding safety. This book concentrates solely on fabricated scaffolding, as this is the most common type of scaffolding in use.
- Safety Council of Greater Columbus, Steering Committee member, Speaker, OSHA 10 hr Instructor

Education

- Bachelor of Science - Fire and Safety Engineering Technology
- Eastern Kentucky University, Richmond, KY, 1985.

Values

- Dedicated to the proposition that the goal of safety should benefit both the worker and the employer by preventing accidents, reducing costs and improving efficiency.
- Integrity – A solid reputation for open, honest communication and trustworthiness with customers and team members.
- Quality – Dedicated to producing superior quality work in all I do.
- Teamwork – Strongly committed helping the customer and team members achieve their safety goals.

Characteristics

- Positive, Can Do Attitude.
- Practical, Real World View. Solutions to safety problems must be reasonably practicable in order to be in any way effective.
- Cost-Effective Approach. Well designed and managed safety systems must produce savings beyond their cost.
- Outstanding training abilities and proven leadership and organizational skills.

Stefen J. Shelley, Safety Consultant

Employment History

- **President – Shelley Safety Services**, Johnstown, Ohio, Current. Providing safety consulting services in central Ohio. Services include job site safety audits, OSHA compliance audits, OSHA violation abatement assistance, participation in OSHA informal conferences, operation pre-planning, safety program development, safety training using Power Point presentations which I develop myself after exhaustive research and determination of the customer's needs.
- **Accident Prevention Consultant - Royal and SunAlliance** Insurance Company, Columbus, Ohio 3/2001 – 12/2003. **Accomplishments** include: Property PC certification - 2002, Property PQ certification - 2003, V2 Award – 2002, V2 Award 2003. Team trainer, provided primary property training to get all teammates certified. Provided all lines accident prevention consulting services for customers in the Ohio region.
- **Safety Engineer - Superior Electric Company**, Darby 5 Points Power Plant, Columbus, Ohio 11/2000 – 3/2001. On-site safety engineer at the construction project. Implemented an improved Confined Space manhole program, improved MSDS/Hazard Communication program, developed more effective accident investigation and reporting procedures and established a more effective lockout program.
- **Safety Engineer - Drever Industrial Furnaces**, LS2 Columbus Coatings Project, Columbus, Ohio, 12/1999-10/2000. Manage and direct safety programs for 500+ employees and subcontractors during the construction of a large industrial furnace, completed over 200,000 man-hours with only one lost time accident. Responsibilities included accident prevention, OSHA compliance and liability exposure evaluation and control.
- **Sr. Loss Prevention Consultant - Liberty Mutual Insurance**, Columbus, Ohio, 1987-1999. **Awards** - High Performer Bonus – 1994, Employee Recognition Award – 1996. Provided accident prevention consulting services for customers in the Ohio region. Lead fire protection engineer and property conservation consultant and trainer for Ohio for several years. Member, transportation safety specialty team.

Other Experience

- **Firefighting & Rescue** – Brandenburg, KY and Flaherty, KY Fire Departments, Louisville KY EMS 1979-1987. Firefighter, Fire Service Officer, EMT/Paramedic, Certified Fire Service Instructor, with years of valuable experience with fires, injury rescues and medical emergencies.
- **Construction Laborer (non-union)** – 1979, Ft. Knox, KY, Ireland Army Hospital renovation project.
- **Family farm raised** with a strong work ethic and good common sense, so often lacking today. Practical experience with cattle, hogs, row and field crops, farm equipment of many types.
